

Dear Rick Hiatt,

As we reflect on 2018, we would like to recognize the critical role your support has played in our work and share the impact of your generosity.

Through your support in 2018, you have enriched the lives of our community's youth.

- You provided children of all ages in the Evans community with access to a safe place for outdoor play at their local library through the construction of a play space at the Riverside Library and Cultural Center.
- You instilled critical early literacy skills in our community's highest need children through the expansion of the District's early literacy program 1,000 Books Before Kindergarten to reach families that face barriers to library use.

You are a key part of the programs and services that your library foundation looks forward to offering our community for many years to come. Please let us know if you have any questions or would like any further information regarding the High Plains Library District Foundation.

We look forward to continuing to partner with you to change lives and help Weld County youth thrive in 2019.

Sincerely,

A handwritten signature in blue ink that reads "Abby Yeagle". The signature is written in a cursive, flowing style.
