Re: Eckstine Electric Co. Recommendation

This letter of recommendation is regarding Eckstine Electric Co. It is my pleasure to recommend Justin Hiatt and the Eckstine Electric Team.

Eckstine has completed multiple projects for the City and County of Broomfield (Broomfield), including most recently the Mesa Booster Station, the Interlocken Lift Station, and the Lac Amora Lift Station. Currently, Justin and his team are working on the Siena Pump Station and Pipeline Project. Their work has consistently been of high quality. The Team has provided their technical knowledge and insight for a successful project completion. Broomfield has been pleased with all aspects of the work and would recommend Eckstine Electric.

If you have any questions, please feel free to contact me, ralford@broomfield.org 303.464.5807.

Sincerely,

Ronda Jo Ackerman Alford
